Environment, Occupational Health & Safety Study

SRGB has conducted many environment sector studies involving environment impact studies (EIA), designing of air quality monitoring and measurement system, Cleaner Production & Energy Efficiency (CP-EE), Environment, Health and Safety (EH&S) Audit, etc. A milestone assignment undertaken by SRGB for 4 years (2002-2005) was to develop and introduce CP-EE tools and techniques in Bangladeshi industries under a multi-country project implemented by United Nations Environment Program (UNEP) and funded by SIDA under the Greenhouse Gas Emission Reduction from Asia-Pacific Project (GERIAP). SRGB also designed and implemented the Bangladesh first Continuous Air Quality Monitoring (CAM) Station for Air Quality Monitoring Project (AQMP) of Dept of Environment, Govt. of Bangladesh funded by The World Bank.
